GENAIR®

WEATHERPROOF

Shown: 125 CFM kit

Air and AC Power with One PTO Opening

The Genair® TEFC provides all the benefits of our patented integral air compressor and weatherproof generator system with the added benefit of a sealed generator. Eliminating the need for separate engine-drive air compressors, generators or power inverters the Genair® is easily mounted to the trucks frame rail. The Totally Enclose Fan Cooled generator has a high protection degree against dirt, grime and salt and is the ideal choice for harsh environments.
